What is Care Management?

Solving aging care challenges can be overwhelming. When you work with us, you're not alone. Our team offers support and guidance every step of the way.

Our focus is on tailored solutions delivered with expertise and compassion.

Senior Support Solutions ensures peace of mind for all involved. You'll experience advocacy focused on preserving dignity and enhancing quality of life.

From navigating complex healthcare challenges to coordinating assistance with daily living, or help making their living environment safe.

Your Senior Support Solutions' care manager reviews, coordinates, advocates, and communicates with the older adult, the family, and professional service providers to facilitate the best care possible!

Who Do We Work With?

- The Older Adult
- A Solo Ager
- A Spouse
- An Adult Child
- An Attorney
- A Banker or Trust Officer
- An Assisted Living Facility
- A Hospital Social Worker
- A Physician or Nurse
- A Placement Consultant
- An Employee Assistance Program
- A Friend or Neighbor

Anyone who sees an older adult in need of care assistance!

What We Do

- Assess current care needs
- Create a detailed care plan
- Recommend appropriate services
- Navigate healthcare (coordinate appointments, communicate, guide through care process)
- Provide legal and financial referrals
- Communicate with involved family & professionals
- Support client & family with cognitive or dementia diagnosis and care
- Advocate throughout all care
- Assist with appropriate housing, moves, and ongoing care
- Coordinate care and services across all areas of life for holistic care experience

Our Team

Our nurse-led care management team serves clients and their families throughout the Phoenix community.

With decades of experience, we know the services and community resources available for our clients.
